EXCEED WITH CEREC

Get personalized, hands-on experience with the CEREC CAD/CAM SYSTEM!

This exclusive, 2-day event series, hosted by Henry Schein Dental, demonstrates the clinical applications of the CEREC system and the benefits of integrating the system into your practice. You will have the opportunity to image, design, and mill a number of restorations while receiving hands-on experience with polishing, staining, and glazing different materials.

Travel Accommodations
Registration fee includes a two-night hotel stay. We encourage you to take advantage of the provided accommodations, and all transportation will be provided between the event venues and hotel.*
